MEMORANDUM FOR: Deputy Director for Administration

FROM: Robert W. Gambino
Director of Security

SUBJECT: House Appropriations Committee

1. Reference is made to your request for background data relating to the Surveys and Investigations Staff, House Appropriations Committee, which has been tasked with studying SIGINT activities.

2. Attached as Tab A is a chronology of the overall problem and the interest which was generated by Mr. Charles Snodgrass, a staff assistant on the Defense Subcommittee of the House Appropriations Committee. Tab B is a more detailed breakdown on the processing time for three key cases, including that of Mr. Donald A. Brummitt, the team leader in the SIGINT review. I have also taken the liberty of providing Tab C, which might give you a clearer insight into our overall policies, and the difficulties we sometimes encounter in the processing of codeword clearance requests from the Hill. Tab D is all of the basic data available to us from the Office of Legislative Counsel.
